Annual General Conference

Inverell

27–29 June

Inverell is a bustling country town of over 12,000 people located on the Macintyre River, in north western NSW. It is also the home of John 'Wacka' Williams, retiring Nationals Senator for NSW. After his extensive commitment to the National Party and Australia, fighting the big banks to give our farmers a fair go and standing up for people like you and me, Wacka and the local Nationals are looking forward to hosting us all in their home town. Be sure to pack your winter woollies, and we look forward to seeing you in Inverell!
