

BUILDING STRONGER COUNTRY COMMUNITIES

We're continuing to build regional communities we can all be proud of

Since 2017, the Stronger Country Communities Fund (SCCF) has delivered more than 2,500 grassroots projects across regional NSW.

A re-elected NSW Liberal and Nationals Government will inject a further \$90 million into SCCF, taking the total investment in the fund to three quarters of a billion dollars.

Through this fund, we aren't just building playgrounds and sporting ovals, we are building communities we can all be proud of.

Every dollar is helping build the infrastructure and projects that make a difference to everyday life – from dedicated change rooms to support the next generation of female athletes to skate parks, men's sheds and community centres that bring people together.

An additional \$90 million will deliver even more projects that make regional communities the best place to live, work and raise a family.
